

SAFETY DATA SHEET

1. Identification

Product Identifier: ***The Scrubber Hand Cleaner***

Recommended use: Soap/hand cleaner

Recommended restrictions: None known

Manufacturer/Distributor:

Company name: The Scrubber Company
Address: 2225 Jernigan Road
Jacksonville, FL 32207

Telephone: 904-399-0999

Emergency #: 904-399-0999

904-333-7757 (cell)

2. Hazard Identification

Physical hazards: Not classified.

Health hazards: Not classified.

Environmental hazards: Not classified.

OSHA defined hazards: Not classified.

Label elements:

Hazard symbol: None.

Signal word: None.

Hazard statement: This mixture does not meet the criteria for classification.

Precautionary statement

Prevention: Observe good industrial hygiene practices.

Response: Rinse hands.

Storage: Store away from sources of extreme heat.

Disposal: Dispose of waste and residues in accordance with local authority requirements.

Hazards not otherwise classified None known.

Supplemental information None.

3. Composition/Information on ingredients

Mixtures:

The manufacturer lists no ingredients as hazardous according to OSHA 29 CFR 1910.1200.

Specific chemical identity and/or percentage of composition have been withheld as a trade secret and formulation proprietary.

4. First-aid measures

Inhalation: Move to fresh air. Call a physician if symptoms develop.

Skin contact: As this is a soap, rinse with water and seek medical attention if irritation develops.

Eye contact: Rinse with water and get medical attention if irritation develops.

Ingestion: Rinse mouth and drink water. Seek medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed: Direct contact with eyes may cause temporary irritation.

Indication of immediate medical attention and special treatment needed: Treat symptomatically.

5. Fire-fighting measures

Suitable extinguishing media: Dry chemicals, carbon dioxide, foam.

Unsuitable extinguishing media: None known.

Specific hazards arising from product: None known.

Special protective equipment and precautions for firefighters: Self-contained breathing apparatus and protective clothing must be worn.

Specific methods: Use standard firefighting procedures and consider the hazards of other involved materials

General fire hazards: No unusual fire or explosion hazards noted.

6. Accidental Release measures.

Personal precautions, protective equipment and emergency procedures: Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

Methods and materials for spill containment and cleanup: Exercise caution as floors may be slippery. Use absorbent materials like sand, or oil absorbing materials to clean up and contain spill.

7. Handling and storage.

Precautions for safe handling:	Observe good industrial hygiene practices.
Conditions for safe storage:	Keep containers tightly closed. No known incompatibilities.

8. Exposure controls/personal protection.

Occupational exposure limits:	None known.
Appropriate engineering controls:	Good general ventilation. Provide eyewash station.
Individual protection measures, such as personal protective equipment:	Wear suitable protective clothing and safety glasses as required, when necessary.
General hygiene consideration:	Observe good personal hygiene measures.

9. Physical and Chemical properties

Appearance:

Physical State:	Liquid
Form:	Liquid
Color:	Orange
Odor:	Citrus
Odor threshold:	Not available
pH:	Not available
Melting point/freezing point:	Not available
Initial boiling point and range:	398 degrees F
Flash Point:	350 degrees F averaging
Evaporation rate	Not known
Flammability (solid, gas)	N/A
Vapor pressure:	0.3
Vapor density (AIR =1)	2.6
Solubility (water):	Moderate
Specific gravity:	1.2

10. Stability and reactivity

Reactivity:	This product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability:	Material is stable under normal conditions.
Possibility of hazardous reactions:	No dangerous reaction known under conditions of normal use.
Conditions to avoid:	None known
Incompatible materials:	None known
Hazardous decomposition products:	None known

11. Toxicological information

Information on likely routes of exposure:

Inhalation	No adverse effects due to inhalation are expected.
Skin contact	No adverse effects known.
Eye contact	Direct contact with eyes may cause temporary irritation.
Ingestion	Expected to be a low ingestion hazard.

Symptoms related to the physical, chemical and toxicological characteristics.

Information on toxicological effects:

Acute toxicity	Not available.
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.
Respiratory or skin sensitization	
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	This product is not considered to be a carcinogen.
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.
Specific target organ toxicity	Not classified,
Aspiration hazard	Not an aspiration hazard.

12. Ecological information

Ecotoxicity	This product is not classified as environmentally hazardous. However this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	Product is biodegradable.
Bioaccumulative potential	No data available.
Mobility in soil	No data available.
Other adverse effects	No other adverse environmental effects are expected from this component.

13. Disposal considerations

Disposal instructions	No restrictions.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the use, the producer and the waste disposal company.
Waste from residues/unused products	Dispose of in accordance with local regulations.
Contaminated packaging	No restrictions.

14. Transport information

DOT	Not regulated as dangerous goods.
-----	-----------------------------------

15. Regulatory information

US Federal regulations	This product is not known to be a "hazardous chemical" as defined by the OSHA Hazard Communication Standard 29 CFR 1910.1200.
------------------------	---

16. Other information, including date of preparation or last revision.

Issue date	August 20, 2015
Version #	01

Disclaimer: The information contained herein is based on data believed to be reliable and the manufacturer disclaims any liability incurred from the use or reliance upon the same. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. It is the user's responsibility to ensure safe conditions for handling, storage, and disposal of the product and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge and experience currently available.
